

September 10, 2020

Dear Dr. Moore and Board of Trustees,

It is my privilege to write a letter recommending Charlene Rose be named the Employee of the Month for the Oneida School District. Charlene is a wonderful and dedicated employee and a valuable asset to the staff at Malad Elementary School.

Charlene is a full-time aide in our special education department. She is dependable. Charlene is willing to take on any task asked of her and do it to the best of her ability and with a positive attitude. She provides instructional support to her colleagues, especially those who are new to the school and collaborates with other staff members to help provide the best possible experiences for her students.

She works each day, both in the classroom and in small groups, to ensure that our students have the help and support they need to be successful. While working with students Charlene creates an engaging and inclusive environment. She has high expectations and works hard to help her students meet them.

Charlene is a credit to the Oneida School District. She always puts her students first and exemplifies what an outstanding employee is.

Sincerely,

Sarah McIntyre
