

ONEIDA SCHOOL DISTRICT #351

Caring & Educating.

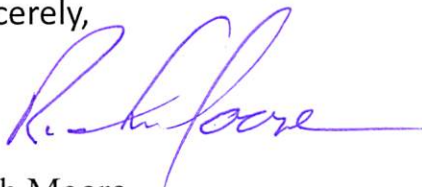

Dear School Board Trustees,

It is a pleasure to present to you as our employee of the month, Kelly Hill. Kelly has served this district for twenty-two years. It is rare to find a highly skilled individual who has a strong work ethic and an outstanding desire to serve. This is true for Kelly. He runs an efficient and effective department. As the supervisor of the transportation department, he oversees a large fleet of buses doing all the routine maintenance, scheduling trips and insuring the safety of our students while riding to and from school. He is very vigilant regarding student safety. He holds regular training with his drivers with the primary focus on safety.

Kelly is one who quietly goes about doing good without wanting any attention drawn to himself or expecting any pats on the back. He goes beyond his job description to help out whether this is removing snow, filling in for a driver, or answering a question on an auto problem – he is always willing to help. He is a humble person. When I told him that he was being recognized as the employee of the month, his response was “oh”.

In a recent report that was sent from the state, it listed all the mileage costs for each district’s transportation department. The Oneida School District was one of the most efficiently run department in the state (and not by just a little bit). We are very fortunate to have such an excellent employee serving the students of our district.

Sincerely,

Rich Moore
Superintendent
Oneida School District
