Re: Engagement Survey

Dear Parents,

If you have not received an e-mail from the school asking for your participation in taking an engagement survey, please contact me with an updated e-mail address. I will send you the link. The survey is open from March 5, 2020, through March 31, 2020.

These surveys are an important measure of school quality, and each school needs your feedback. This means if you have a student who attends more than one school, you will need to take the survey more than once. Please make sure that if you do need to take the survey more than once, please select the correct school, so the feedback is useful for that school.

This survey is not something to shrug off. The State of Idaho has an accountability system for all schools, and this survey is part of that process. Your feedback is vital. Please check your e-mail and then participate in the survey.

Sincerely,

Elizabeth Kent
