ONEIDA SCHOOL DISTRICT #351

Caring & Educating.

October 15, 2018

Dr. Moore & Oneida School Board,

It is my privilege to present to you Paula Bradford as the Oneida County School Districts Employee of the month.

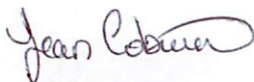

As many of you know, prior to coming to work for the school district Paula owned her own business for 5 years. Paula's Goodies and Sandwiches was known for delicious chocolates and treats. Which she still makes when she has time.

Paula Brought her wonderful work ethic and cooking talents with her when she started working as a cook at the High School in 2010. She became the High School kitchen manager in 2015, which has been a tremendous asset to our food service department.

Paula is always willing to go above and beyond what is asked of her. No matter what difficulties arise she handles them with professionalism and a smile. When asked if she needs help, her response is always I've got it or we'll be fine. Not only is Paula efficient at her job, she is always friendly and willing to help students or faculty when needed.

Her homemade rolls are a favorite with the students and faculty alike. I know there are a few faculty members that like to be a taste tester before lunch myself included.

We are very fortunate to have Paula as an employee, and I would like to thank her for everything she does for the foodservice department.

Jean Coburn
Oneida School District Food Service Director
