

MALAD ELEMENTARY SCHOOL
250 WEST 400 NORTH * MALAD, IDAHO 83252
208-497-5220

School Office Manager Rebecca Firth is the Employee of the Month (February) for Oneida School District.

I started working with Rebecca during the fall of 1988. I was a first year teacher and her daughter, Charlotte was a 4th grader. Rebecca was one of my two room moms. It's pretty safe to say she's been looking out for me ever since then. When she came to work in the office at Malad Elementary, I was hired as a school counselor. Rebecca has also been there for me during both of my stints as the elementary principal.

This document could go on for pages if I was to describe or detail the good that Rebecca has done for our school. It's pretty safe to say that she makes a point to care for all of us every day. Her duties are not described in a manual because it's not really easy to describe the various challenges that just come up on any given day in our office and in our school. Yet through all the confusion, madness and regular insanity, Rebecca literally cares for each student, parent, teacher, administrator and visitor that walks through our doors.

Malad Elementary School loves and appreciates Rebecca. If I've learned anything from Rebecca it's that being at the school isn't a place I go to because it's my job. Rebecca has taught me that going there is because Malad Elementary is a special place to be and that's how she's treated all of us, every day.

Thank you Rebecca!

Sincerely,

Robert Hannah, Principal

The School Secretary

While not often you'll find her wearing, it is said she has many hats.
A nurse, cashier, consultant, therapist, and solving student spats.

Scheduling, records, registration, lunch counts, and copy machine repair;
To be responsible for so much, it hardly seems very fair.

To describe how she deals with a bodily fluid,
Would get very graphic and almost seem too lurid.

Running, greeting, smiling, filing, all while dialing,
She gives a whole new definition of multi- tasking.

The list goes on and on and to get it all done,
She has to wake early and start before dawn.

While the principal has the title of being building leader,
We know Mrs. Firth is the real one, cuz we really need her.

Mrs. Firth – thank you for all that you do for our students.

Rich Moore
